

Chef's Shoppe Customer Rewards Program

As our loyal customers, we value your business and want to give back to you. That is why we have developed a Custom Rewards Program that is free, easy to use and never expires.

Here's how it works:

1. You complete a short information form. Just ask one of our friendly Chef's Shoppe representatives and we'll get you set up!
2. You shop at the Chef's Shoppe.
3. After you make 6 purchases, we'll give you a coupon worth 10% of the total value of those same 6 purchases. (For example, if you make 6 purchases that total \$100, we'll give you a coupon worth \$10!) The coupon is yours to spend as you wish.
4. You choose when to use the coupon. Use it on your very next purchase OR save multiple coupons and apply them toward something special. No time limit, coupons never expire.

The rewards don't stop after your first 6 purchases. Every time you make 6 purchases, you will receive another coupon.

It's your choice. Use your reward coupons when you are ready to use them.

Rules:

1. Rewards are not earned until the 6th purchase has been made.
2. Purchases prior to the coupon are not transferrable between customers.
3. Coupons can be used by anyone. Save them for yourself or save them as a gift for someone else. **The actual coupon slip must be presented to use the coupon.**

At this time, online purchases do not apply towards our Chef's Shoppe Rewards Program. However, sign up for our email list, and we'll send you Chef's Shoppe email for other special offers!

In the event Chef's Shoppe discontinues the Rewards Program customers will be notified by our email blasts as well as in-store. Rewards already earned will be honored.
